

Has been on the first pair of basketball shoes Nike Blazer full of goodwill, perhaps it's history is everything later factor, simple shoes, like the year's hot enough Converse All Star in shape so that it has just launched soon by the time the NBA warm welcome, but also by virtue of Nike Blazer began to lay the introduction of basketball shoes a brother of position players. When Today, when Nike decided to raise Zoom Air insole Blazer, Blazer SB Dunk finally surpassed the qualifications to join the ranks of shoes, but since the introduction of the public has reacted mediocre, absolutely no Nike Blazer had to enter the plate boundary The promise of so much rhetoric. Perhaps it is because the relationship between the color of shoes makes Blazer SB has been unable to enter the hall level, but expect the upcoming new Blazer SB may be able to let everyone shines. Shoes are made with all-white, with a rubber sole, toe and decorative green tongue Department also extremely eye-catching, but the heel is even more the yellow mark for the finishing touch, the current temporary Tag is what I do not know the meaning of the tongue , but I believe it is a pair more special Blazer SB version.
